"Eupen Foam Products, more than just Foam"

Newsletter system from Eupen Foam Products

Herewith you will find our latest news. Please note that the Newsletter of Eupen Foam Products will appear regularly in order to keep you up dated all the time. For question or detailed request, don't hesitate to contact us.

1. New delivery System for our ES, ASH, PM, HR38 & HR40

Please check our website under:

http://www.eupen.com/foam/pdf/2011_Geschaeftpolitik_engl-Internet-version.pdf

To see our new lead times condition for the qualities mentioned above. You will see our updated program for each foam family on our website www.eupen.com/foam as well.

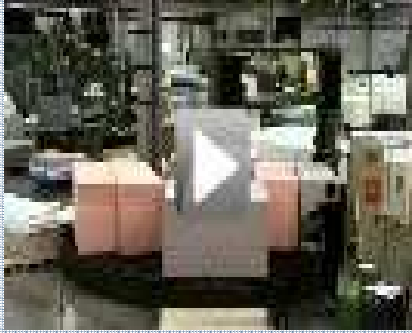

2. NEW @ Oekotex Standard 100, Product Class 1

Since several weeks now, **ALL OUR FOAMS** are certified Öko-tex Standard 100, **PRODUCT CLASS 1**. Due to a new and unique technology, we achieved to develop in our own labs, flame retardant foams which are certified as PRODUCT CLASS 1

To see the recent certificate, just click on the picture

All comfort foam grades are now Öko-tex CLASS 1.

To see the movie, just click on the picture above

The movie is available in 4 languages

3. Website “www.eupen.com/foam”

Our new Website has been released. You may now surf on a very easy way through the information about our comfort Foams. Find all the information you need (like technical info, delivery times, sales conditions, Certification...) on:

<http://www.eupen.com/foam/index.html>

4. Movie

We decided to create a movie which shows all our departments and which will help you to understand what exactly we do and how foam is produced and converted. Please click on the picture beside or [here](#) to see the movie

5. Christmas Holiday

Please note that our company will be closed from December 23rd to January 1st 2012

All the Eupen Foam team wishes you a merry Christmas and all the best for 2012.

Best wishes.
